## Iso Iec 15288 Pdf Download

What is ISO/IEC 15288 and why should I care? Harry Roedler, Head of the US Delegation JTC1/SC7/WG7, Head of US TAG TG7, Chief Systems Engineer, . - This is a new standard that has emerged in response to changes in the structure of technology platforms. In fact, ISO/IEC 15288 is a standard that describes the life cycle of IT systems. It is based on the principle of "three models": architecture, deployment and maintenance. But now we have new models - models of the life cycle of IT systems. And that is why, in addition to the life cycle model of IT systems, the ISO/IEC 15288.
