selected by CT-Expert, even beginners can use the full potential of the machine.

Copper electrode with conical processing on 4 axes.

**CHARMILLES
TECHNOLOGIES.** The CT-Expert is by far the most

advanced professional chain sharpening machine of all kinds available on the market. It has all the features inherent in the CT-Expert machine, but unlike it, it does not have removable disks. To achieve high performance, only the most modern materials and developments are used in the machine. Sharpening in the CT-Expert machine is carried out using a copper disk with a diameter of 180 mm with a

conical processing along 4 axes.
