Join the Dragon King! True Stories is a roguelike, turn-based strategy RPG Game using cards. The cards are the battlefield! It was as if it were scripted. One day, a merry band of adventurers was on a journey up the coast, when suddenly, they came across a terrifying apparition, which turned out to be the King of the Sea, King of the Dragons. Ever since then, the island nation has been terrorized by this “mighty King”, and adventurers have started streaming in from the surrounding areas. The Dragon King is such a terrifying being that he spares none, and everyone who dares to challenge his might, or try to defy him, ends up as a victim of his wrath. The Dragon King, who may not exist. Your mission is to assemble your party, and defeat him! You’ll start off with a limited card inventory, but as you progress, the cards will be added to the inventory, and you’ll be able to use powerful cards like “Dark Knight”, “Queen of Blades”, and “Attack of the Sea God”. “This is a card game.” However, “True Stories” is not simply a card game. There’s plenty of solid game mechanics behind it, making it great fun to play. And there are special and powerful cards in it, so be sure to come prepared! “The card battle is the heart of the game.” So, are you ready to dive into a card battle? Key Features: □This is the premier card battle RPG where your cards are the battlefield! □Mechanics such as “Luck” and “Blue” are included to give “True Stories” a unique atmosphere. □Unmissable Card System where cards change the course of the story! □Over 90 unique cards, with more to come! □Challenging Boss Battles! □Be careful not to run out of cards! □An immersive Card Battle RPG experience!Q: weird

### **What's new:**

**Our first set in which we attempt to achieve some of the original Phantasia characters as early as in their Phantasia pre-history. They are based on rather generic poses from the first two chapters of the original game, but later also appear in**

some of the Phantasia sequels. As such, the designs are quite straight forward, but still pretty complicated. The characters are designed by Heidree and her bouffant-look fetish. Note: All characters have their own specific components (except perhaps Moon). Check out Heidree's deviantArt gallery ( [link](#) ) if you want to see more. And the final sprites... Nearly there... The costume patterns are again taken from a commercial of the early 1990s -- a white modified jeans with the flags of several warring factions and a lot of fringe, and black or dark brown soldiers' uniform with a blue trim. Side view of the top-half part of the costume with the front and back of the fabric (I forgot to take this shot during the complete set of costumes). Civilized Phantasia Those in this group represent the original Phantasia characters, created with the help of the third-party software "Aroowo". They're in their default states, with addition of high-impact eye color, mirror texture, and a lot of other stuff I have no idea what it did. Note: And the final sprites... Nearly there... Yes, they look really un-original and certainly less spectacular than some of the others. Probably because of the software. I'm using it right now to create these costumes and it needs a lot of work to get them to look clean. While I'm not sure if I really do like this style, anyhow a lot of hard work made these up a lot more or less what I have grown to like in the original Phantasia costumes. Is this their retrial? Two completely new designs for every character? Probably not. However, these are the ones you see the most often, from the video I have seen so far. We are going to spend more time with these in the following days and weeks. This is what Lillian looks like already, with all of the special adjustments and effects done. Casual Phantasia This is for the
